### **COVID -19 Immunization Plan**

Some wording in yesterday's announcement regarding BC's move into Phase 2 of the plan is creating a little bit of confusion across campus, so I thought that I would send a note of clarification with the attached information. If you have any questions do contact the front desk of The Cedars and we will do our best to answer them. This is a very fast moving process and we are all doing our best to pivot quickly as change requires.

The term "living in independent living or senior's supportive housing" refers to people living in congregate housing like The Cedars – i.e. shared common dining room, recreational room etc. not to seniors living in apartment buildings like The Dawson or The Cottages.

However, if you are receiving home support services through Island Health then someone in Island Health will be contacting you to book an appointment.

For everyone else, living completely independent of any care or supportive housing, you will need to call to book a vaccine appointment over the phone as per the attached sheet.

Sincerely,

Karen Hope  
Executive Director
